Editing

This is the first step of a book's success after completing your manuscript. We will edit your book in two stages, a process worth over \$600:

1. Viability Report

We will read your book and assess:

- Commercial Viability – Will your book sell?
- Niche genre to push for sales – Which area of readership to focus on?
- Main issues with copy such as plot holes or character issues
- Suggestions to the structure of the novel to be concentrated upon during editing

Includes a one-page report summary and a Readability Report, assessing which sentences are too long, short, or complicated by running analytics on your manuscript.

2. Proofread

We will read your book and proofread it a final time on a Word document copy of your book manuscript.

Design

A great book design both inside and out makes all the difference when it comes to selling your book to readers. We work with the most reputable designers in the world to bring you a fantastic design that works in all sizes for your book promotion.

Our design experts will assess your book and choose a design that will mean your book will sell. It's not always the pretty covers that sell a book – sometimes font, color, and other placement aspects are just as important to sales, especially online and in thumbnail formats. Our in-house team will create a beautiful cover for you that sells books.

1. Interior Design and Formatting for Kindle e-book by our team trained by e-book expert Corina Koch McLeod

2. Custom Book Cover Design, including:

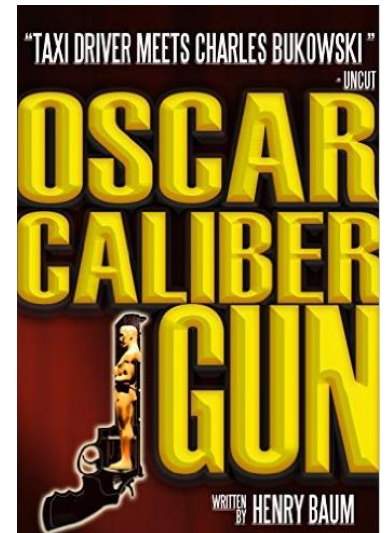

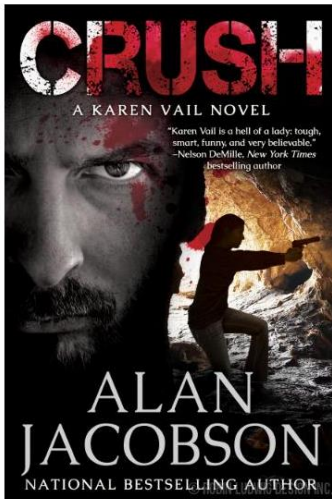

- Two choices of image
- Usage Rights to your image and font
- Ebook Version (Print Version available as an upgrade)

Publishing

The most important aspect of your book's success is publishing it correctly online for ebook sales. Our promotional model works with Amazon's KDP Select Program for the three months of your deal.

We will:

- Publish your book using Kwill's publisher account on Amazon
- Create an Amazon Author Page Linked to Kwill Books Page
- Set up an Amazon Book Page with Look Inside
- Add optimized keywords, categories, and tags for Amazon and Google search engines
- Get you a Kwill Books ISBN from Bowker worth \$125, giving you press published status, rather than self-published status
- Add you to up to five categories on Amazon instead of the two assigned to self-publishers

If you wish to then contract us to deal with print or extended distribution you can purchase an upgrade.

Marketing

Marketing is the most laborious part of launching a book, and most writers just give up, with nearly a half of all self-publishers selling *less than 10 books*.

That's where Kwill's unique marketing guarantee can help you. We promise to get your book a Top 20 Bestseller List status in your book category or your money back. We do this using marketing promotion techniques to readers who love your kind of book.

Design & Formatting = 2-3 weeks

Free Membership = 1 week

Publication = 1 week

Promotion = 1 month

You will then be managed by Kwill for the 3 months of your KDP Select deal on Amazon, with your earnings and reports sent to you via PayPal.

Once your three months is over, you can take over the management of your book, or choose to contract with us for a further term for print and extended distribution into shops, libraries, and other outlets.

At any time, you can select print or extended distribution add-ons, or individual upgrades to suit your needs.
