PUBLISH WITH KWILL

PUBLISH WITH KWILL

Kwill is a registered independent publishing house and not just a marketing service. That means when you publish with Kwill you are a published author. Our authors are given everything needed to have a good-looking, well-edited, and formatted book with a guaranteed push at launch for a fee of \$3999, inclusive of all production, promotion, marketing, and launch costs. This is a method that gives you complete freedom and ownership rights, copyright, and 100% royalties for your book, and you are free to leave Kwill after the initial 3 months on KDP if you wish.

Kwill Authors Book Cycle

Once we accept your submission to our publishing house, you will be sent a contract and asked to pay \$3999 via PayPal invoice. You can also spread payments using PayPal Credit if you live in the US.

The book preparation cycle is 2 to 3 months from sign-up, then a 3-month period of KDP Select on Amazon.. After this time, you can go ahead with any plans you want to explore, or go into print and expanded distribution with Kwill's Add-Ons. You will retain your Kwill ISBN registration permanently as long as you use the number as issued.

Day 1 - Bowker ISBN Registration

Your ISBN worth \$125 will be registered with Kwill Books at Bowker's ISBN agency. Kwill Publishing House publishes US and UK English books using KDP and Createspace technologies at Amazon.com because Amazon has the best exposure for a new book. We are registered as a publishing house and therefore when you are with Kwill you have "published" status rather than having an ISBN you acquire through a service like Ingram, Createspace, BookBaby, or Authorhouse. These services are formatting and distribution services, and not publishers in the traditional sense and you will still be self-published status. With Kwill you are registered at Bowker as one of our published authors and will be treated as such by libraries and book buyers looking for new talent.

Day 3 - Author Page on Kwill

We will give you an author page on Kwill with an Amazon Buy button, a 3D book image, an author photo and bio, and a book trailer (see your Kwill Marketing Package for details of these deliverables). To begin with, this page will show your photo and bio with a "Coming Soon" book cover and a placeholder for your video trailer, but you will be provided with a URL of "www.kwillbooks.com/authername" to share with your fans.

Day 3 - 60 Editing

As soon as you have been registered with Kwill and have submitted your manuscript in Word format, one of our experienced native English editors Cate, John, or Francine will edit your book in two stages. The first

stage of content editing is optional only if you have already had your book edited by a professional editor, but for Kwill quality purposes, proofreading is mandatory.

Day 1 - 30 Content Edit - 1 month cycle of a full content edit by one of our editing team at Kwill. These edits will be marked up on Word, and will comment on character, plot arc, development, and language used.

Day 30 - 60 The manuscript is then returned to the author for approval and changes.

Day 60 - 90 Proofread - 1 month cycle of a proofread using manual and automatic editing tools. Your book will be read twice in full during this process.

Day 90 Interior Formatting

We will format your interior to Amazon KDP standards and add a link to your Author Page on Kwill ready for upload to your Book Page. Our staff have attended training at the Editorial Freelancer's Association with formatting expert Corine

Day 60 - 90 Book Cover Design

When you become a Kwill Author we will send you a questionnaire about your book cover preferences. This is an interactive survey that will tell us what kind of book cover you would like. Our in-house design team will then provide you with a draft for approval, or two tweaks. We then present your cover design in .pdf and .jpg format for upload to Amazon KDP, including fonts and stock imagery licenses for your book.

Day 90 - 120 - Book Launch

We will assess the best day to launch, and name the day. You will then set up your Amazon KDP Book Page to our specifications. Book price will be 99 cents to \$2.99 during promotion depending on which Launch Option you choose on our Amazon Mailing Promotion, see below.

Categories on BISAC and Amazon

We will assess your categories and give you 3-5 categories in the BISAC registry, and a further 2 on Amazon.com. These categories will give you a high chance of ranking on Amazon in as many as 5 categories.

Step-By-Step Guide To Set Up Your Book Page

You will be in control of your new Amazon Book Page. We will coach you through setting up your new book page and optimizing the layout and wording for best results. We do not have access to this page so that there are no overheads or royalties payable to Kwill, and you are in 100% control at all times of your financial and private information, as well as your Book Page content. However, we are here to help every day including the weekends on email for support for the three months you are in KDP Select.

Keywords Assessment for Amazon

We will give you 5-7 keywords or phrases that will help readers discover you on Amazon

3D Book Cover Design
